

BOOK TWO — APPLICATION OF THE ALPHA-OMEGA LENS

Purpose: Structural application and system diagnosis

Function: What becomes visible when the lens is applied

Status: Canonical container

This canvas is the authoritative container for **Book Two**. All forty application chapters (Ch. 1–40) belong here. No regeneration is required; existing chapters should be moved/pasted into this container.

Structure

Part I — Using the Lens (Foundational Mechanics)

Chapters 1–5

Part II — Repeating Patterns in History

Chapters 6–10

Part III — Institutional Systems

Chapters 11–15

Part IV — Economic and Social Systems

Chapters 16–20

Part V — Cultural and Belief Systems

Chapters 21–25

Part VI — Enforcement and Containment Systems

Chapters 26–30

Part VII — Technology and Acceleration

Chapters 31–35

Part VIII — Repair, Alignment, and Design

Chapters 36–40

Notes

- Chapter content is already complete and canonical.
 - This canvas exists to **house**, not rewrite, Book Two.
 - Chapter 5 is already included implicitly; no action required.
 - Do not introduce reader-integration language here.
