

OMEGA GOVERNANCE — COMPLETE DISTRIBUTION

All canonical documents, submission language, and instructions.

Portal Blurb (Approved)

Omega Governance is a non-prescriptive, observational framework for analyzing how language allocates meaning, authority, and responsibility in AI systems, without directing decisions or interventions.

Email — Academic Variant

Subject: Omega Governance — Canonical Language Canvases (v1.0) for Academic Review

Dear Colleagues,

I am sharing the Omega Governance package for scholarly review. Omega Governance is a set of observational language canvases intended to make visible how meaning, authority, and responsibility shift within language and systems. It is not prescriptive, normative, or advocative.

The canonical document is locked at v1.0. All future revisions follow an append-only, versioned amendment process.

Sincerely,
Ammon Covino

Subject: Submission: Omega Governance — Canonical Framework (v1.0)

Hello,

Please find attached the Omega Governance distribution package for review. Omega Governance is a neutral, observational framework for analyzing how language allocates meaning, authority, and responsibility within AI-mediated systems.

The canonical document is fixed at v1.0 and includes an integrity appendix with checksum and signature.

Regards,
Ammon Covino

Instructions for Use

- 1) Use the Canonical Canvas Compilation v1.0 (LOCKED) as the authoritative reference.
- 2) Share the Public Summary when a shorter overview is required.
- 3) Use the Change-Log Template for all future amendments.
- 4) Use the portal blurb and email variants exactly as written.
- 5) Do not modify canonical language without versioning.
