

OMEGA GOVERNANCE

Complete Distribution — Academic / Research Review Edition

This edition is framed for academic and research audiences, focusing on analytical clarity and structural contribution.

Portal Blurb (Approved)

Omega Governance is a non-prescriptive, observational framework for analyzing how language allocates meaning, authority, and responsibility in AI systems, without directing decisions or interventions.

Subject: Omega Governance — Canonical Language Canvases (v1.0) for Scholarly Review

Dear Colleagues,

I am sharing Omega Governance for scholarly review. The framework distinguishes diagnostic, compression, and consequence sentences to support analysis of language and governance in AI and institutions.

The canonical document is locked at v1.0; amendments follow a controlled, append-only process.

Sincerely,
Ammon Covino

Instructions for Review

- 1) Treat the canonical compilation as the primary reference.
- 2) Commentary and critique are welcome; no adoption is implied.
- 3) Cite the canonical version directly if referenced.
