

OMEGA GOVERNANCE

Complete Distribution — Regulatory / Government Review Edition

This edition is framed for regulators and public-sector reviewers. It emphasizes neutrality, auditability, and non-advocacy.

Portal Blurb (Approved)

Omega Governance is a non-prescriptive, observational framework for analyzing how language allocates meaning, authority, and responsibility in AI systems, without directing decisions or interventions.

Email — Regulatory / Government Review

Subject: Submission — Omega Governance Canonical Framework (v1.0)

Hello,

Please find Omega Governance submitted for review. The framework is observational and non-prescriptive, designed to make language-mediated authority and responsibility legible within complex systems.

The canonical document is fixed at v1.0 with integrity verification included.

Respectfully,
Ammon Covino

Instructions for Review

- 1) Review is informational only; no regulatory action is requested.
- 2) Canonical text is locked and checksum-verified.
- 3) Amendments require formal versioning.
