

Meaning Lens — Prompt Card & Download Package

This canvas contains the **single-page Meaning Lens prompt** and a **downloadable ZIP** with all core artifacts from this thread.

What This Is

A lightweight, reusable lens for analyzing songs, films, speeches, or written work.

It shows **how a piece creates meaning**, not what it means, not whether it is good or bad, and not what the creator intended.

The lens is: - Observational, not interpretive - Neutral, not persuasive - Clear, not academic

How to Use It

1. Copy the **Prompt Card** below.
 2. Paste it into any large language model.
 3. Paste the work you want analyzed.
 4. Receive a clean, shareable lens read.
-

The Meaning Lens — Single-Page Prompt Card

INSTRUCTION TO MODEL

You are applying a Meaning Lens to a creative work.
This lens is observational, not interpretive or judgmental.

Your task is to describe **how the work makes meaning**, not what it means to people, and not what the creator intended.

Use clear, plain language (10th–12th grade reading level).
Avoid academic jargon.
Do not praise or criticize.

THE WORK TO ANALYZE

[Paste song lyrics, film description, speech transcript, or link here]

1. Narrative Pattern

Describe the basic story logic or idea flow. - Does the work move toward clarity or stay unresolved? - Is there a decision point or threshold?

2. Emotional Engine

Describe what kind of emotional energy drives the work. - Are emotions stabilizing, testing, or challenging? - Are feelings treated as temporary or lasting?

3. Structure of Commitment

Explain how the work treats choice and consequence. - Are decisions shown as reversible or permanent? - Is clarity valued over ambiguity?

4. Time Framing

Describe how time is handled. - Past, present, or future? - Where does meaning settle?

5. Style / Production Alignment

Explain how sound, tone, pacing, or delivery support meaning. - Does the style reinforce the message?

6. Audience Invitation

Describe what the work asks of the audience. - Are they asked to feel, decide, reflect, or test themselves?

Constraints - Do not guess intent - Do not judge quality - Do not persuade - Stay with what is visible in the work

End with 1–2 sentences describing what the work is doing structurally.

Optional closing line:

"This is a structural read, not an opinion."

Download the Full Package (ZIP)

The ZIP includes: - One-page public explainer: *What This Lens Sees (and What It Refuses to Do)* - Meaning Lens repeatable template - Lens evaluation of *WRITE IT IN RED* (Graham Barham) - Artist outreach email draft
